

EasyLED Lighthouse Bollard

Nautical Series, B10

PRODUCT OVERVIEW

The coastal inspired Lighthouse Bollard provides pedestrian and parking area lighting with a seaside flair. The specially designed reflector cone optics offer excellently controlled, uniform lighting or opal LumaLens for soft lighting with uplight component, and is ideal for a wide range of applications including parking areas, walkways and landscape accents.

LEDicated *SoftLED*

The durable one-piece sand-cast aluminum housing is finished with a weather-resistant textured powdercoat finish providing years of service. The precision vandal-resistant, UV-stabilized polycarbonate optical lens produces a Type V distribution and protects the internal components. Multiple wattages available from 9 to 37 watt EasyLED Arrays and choice of three color temperatures (3000K, 4000K and 5000K), which produce up to 5,500 delivered lumens. Easily replaces 70-100 Watt legacy HID systems, with an energy savings of 80% or more versus comparable Metal Halide systems.
